

WOODROW WILSON PRAISED BY GLENN

North Carolina's Former Governor Thinks His Nomination Probable.

CHARTERS BY THE STATE

Commission to Erect Fireproof State Building Organized.

[Special to The Times-Dispatch.] Raleigh, N. C., May 9.—Governor Woodrow Wilson is growing to an amazing degree with the people of the East and the South, declared ex-Governor R. B. Glenn this morning, in discussing the political outlook as it bears on the probable Democratic nominee for the presidency in 1912. Governor Glenn said that he had previously expressed the opinion that Hudson Harmon, of Ohio, would be the Democratic candidate to oppose President Taft. He now believes that the candidacy lies between Harmon and Wilson. However, just now with the great length that Wilson is developing in the South and in the Eastern States, there is every indication that he will distance Harmon unless there is some unexpected check to the spread of the Wilson boom now so evident. Governor Glenn says that in his travels throughout the country he is impressed with the general conviction there is evident that next year is to be a Democratic year, and that it seems to him that about the only thing that can prevent the realization of this expected Democratic victory is some mistake in Congress by the party leaders, and he anticipates no such outcome.

Asked about his view of the situation in this State as to the senatorial contest, Governor Glenn evaded an expression of preference as to Senator Simmons or Governor Kitchin. He is known to be a warm friend of ex-Governor Aycock. He did say that he thinks if Governor Aycock is to get in the race at all, he should declare his candidacy without further delay.

The Lincoln County Farmers' Union Warehouse Company was chartered yesterday, with \$25,000 capital, by J. R. Warlick, P. A. Jones and numerous others, for doing a general farm product warehouse business, under the auspices of the Farmers' Union of the county.

The Cox-Lewis Hardware Company, of Asheboro, capital \$100,000 authorized and \$10,000 subscribed, by O. R. Cox, J. T. Winslow and others, was another new corporation chartered. Still another was the Union Metal Roofing Company, Lincolnton, capital \$5,000, by D. L. Younst and others. Another was for the Washington Realty and Collecting Agency (Inc.), Washington, N. C., capital \$10,000, by Mrs. Mary Laughlin and others.

There is an amendment to the charter of the Morgan Manufacturing and Trading Company by which provision is made for the issuance of \$10,000 of preferred 6 per cent. stock. J. W. Reynolds was here to-day from Newport News to have a requisition from the Governor of Virginia honored by Governor Kitchin for Edward McNeill, who is wanted in Newport News for burglary and jailbreak. He is being held and is now in custody in Fayetteville.

The State Building Commission, for the erection of the \$250,000 fire-proof State administration building, for which bonds were provided by the Legislature, organized here to-day, with the election of Ashley Horne, Slayton, as chairman, and William E. Springer, Wilmington, as secretary. There was a lengthy conference by the commissioners with Governor Kitchin, and the members of the Council of the State, for a thorough review of the work ahead of the commission. It was found that State Treasurer B. H. Lacy has already advertised for the bids for the \$250,000 bond issue, the bids to be opened July 1.

A subcommittee consisting of Colonel Horne, chairman; W. E. Springer, secretary; J. A. Long, Roxboro; J. Elwood Cox, High Point, was appointed to investigate generally as to the location for the building and other matters.

A Reader Cures His Constipation--Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, any which, strangely enough, they find the most difficult to answer. That is, "How can I cure my constipation?"

Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels, has looked the whole field over, has practiced the specialty for forty years, and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong cathartics, and such things. Syrup Pepsin, by training the stomach and bowel muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline, of 28 Milwaukee Avenue, Detroit, Mich.; Mr. J. A. Vernon, of Oklahoma City, and thousands of others. It can be obtained of any druggist at fifty cents and one dollar a bottle. If you want to try it first a free sample bottle can be obtained by writing the doctor.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over 40 years, and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample, address him, Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

Loss of Appetite

And that "tired feeling" are replaced by a hearty desire to eat and buoyancy after you drink

Panacea Mineral Spring Water

PANACEA SPRING CO., Littleton, N. C.

OTTERBURN SPRINGS HOTEL

Rates, \$15. per week and up. Special family rates and booklet furnished on request.

C. H. PAXTON, Manager, Otterburn Springs, Virginia, (Amelia County).

The Secret of Success

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as, like an electric chain system, the remedy is recommended by those who have been cured to those who are in need of it.

In an interview on the subject, a prominent local druggist says: "Take, for example, Dr. Kitcher's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kitcher's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

A free trial bottle will be sent by mail, absolutely free. Address: Dr. Kitcher & Co., Binghamton, N. Y., and mention this paper. Regular size bottles sold at all druggists—50c and \$1.00.

FIRST BREAK ON ROCKS OF ECONOMY

Washington, May 9.—Democratic harmony broke to-day on the rocks of economy. Acting upon the instructions of its caucus, held early in the session, the party leaders brought two resolutions into the House for passage to-day, cutting off scores of employees, and rearranging the basis of compensation of clerks upon a more economical plan.

The first resolution, that cutting off \$52,666 worth of employees, went through without much trouble. The second one, however, providing session clerks for several committees, broke up the Democratic ranks, but finally passed. In the resolution was a provision for an assistant clerk to the Committee on Territories, a new position, which was eliminated from the resolution on provision of only fifty-four men.

Representative Garner, of Texas, a Democratic member of the Committee on Accounts, assisted the Republicans in criticizing this creation of an additional place. Mr. Tucker, of the House, said that the Democrats were that they were attempting "too darned much economy." Minority leader, Mr. Clegg, had been very much interested by the Democrats, had been observed "a good room, with a pretty red carpet" in it. He had been given no janitor, however.

"When I made a requisition for a carpet-sweeper, so that I might more easily clean my pretty red carpet," said Mr. Clegg, "this distinguished aggregation of economists turned it down."

Using the reduction of the police force Mr. Palmer, of Pennsylvania, pointed out that the government keeps seventy-three take care of one building in a space occupying four city blocks, while Harrisburg, Pa., with a State Capitol and 100,000 inhabitants, has a total police force of only fifty-four men.

Confederate Degrees on Twenty-five. The first and second degrees, conferred from the fifteenth to the eighteenth, were conferred on a class of twenty-five candidates by Pelican Chapter of Moose Croix, at the Scottish Rite temple last night. Wise Master David C. Kennedy and all of his officers participated in the ceremonies. Supper was served before the chapter was called to order. An especially selected musical program was rendered by the Scottish Rite choir, under the direction of Joseph R. White.

The philosophic and chivalric degrees from the nineteenth to the thirtieth will be conferred to-night at the St. Omar Council of Kadosh, No. 1, of which Robert S. Crump is preceptor.

Judge Pritchard Receives. Judge J. C. Pritchard, of Asheville, N. C., now here in attendance upon the United States Circuit Court of Appeals, who has been ill at his apartments in the Richmond Hotel for some time, was able to return to the bench yesterday.

HISTORICAL EVENTS COMMEMORATED BY TABLETS UNVEILED AT MONTROSS

Lieutenant-Governor Ellyson Presides Over Interesting Exercises.

Montross, Va., May 9.—Two tablets, commemorating historical events, were dedicated here to-day with interesting exercises. The exercises began in the early afternoon when William Mayor, chairman of the Board of Supervisors, called the meeting to order and designated J. Taylor Ellyson, Lieutenant-Governor of Virginia, to preside. Mr. Ellyson, accompanied by his wife, who is the president of the Association for the Preservation of Virginia Antiquities, arrived here early this morning, on the Commodore.

Maury, flagship of the Virginia oyster navy. Mr. Ellyson expressed his pleasure at being present and being permitted to preside over the meeting, a duty which he performed with grace and dignity.

R. B. Wright, judge of the judicial circuit, then presented the tablets to the county of Westmoreland in a ringing speech, which created great enthusiasm. As the portraits were unveiled the audience arose and sang "America."

Historical addresses were delivered by Frank P. Brent and Walter E. Hithaway, of Lancaster county, which brought the exercises to a close.

Judge Wright, accompanied by Mr. and Mrs. Ellyson and Mrs. Wright, visited Stafford, the birthplace of the Lees, and other historical places in the vicinity this afternoon.

On one of the tablets is the text of the famous "Westmoreland Resolution," offered by Richard Henry Lee, and passed by the patriots of that day at Lee's Landing, February 21, 1776, thus outlasting by nine years the Declaration of Independence.

The other tablet bears the resolutions of Richard Henry Lee, passed at the Westmoreland county courthouse June 17, 1776, expressing sympathy with and tendering aid to Boston because of the locking up of that harbor. Also on this tablet appear the resolutions of the Westmoreland County Committee of Safety, passed May 21, 1776, denouncing Lord Dunmore, the Governor, for seizing the powder in the magazine at Williamsburg, Va.

Other historical places in the vicinity this afternoon. On the tablets is the text of the famous "Westmoreland Resolution," offered by Richard Henry Lee, and passed by the patriots of that day at Lee's Landing, February 21, 1776, thus outlasting by nine years the Declaration of Independence.
